Facility Update

The new Sanctuary window install has been completed and the framing painted.

Several areas on campus have been painted (where paint was cracking and peeling).

Work is being done to make the sanctuary space compatible with in-person and online worship simultaneously once we open our doors inside on Sundays.

Spring cleaning, sorting and moving of items is being done in some of the other worship related rooms to create a more multi-purpose user friendly space, that utilizes the limited storage space we have on campus.
